CFPG Discusses School Site and Charlestowne Covenants

The senior high school site question and the repudiation of the covenants by developer Charles Bresler on the 50-acre Charlestowne tract occupied most of the attention of the Steering Committee of the Citizens for a Planned Greenbelt at its meeting on Tuesday.

The committee will make an evaluation of the school site matter to determine if any further action should be taken. In addition, it voted to reply to State Superintendent Dr. James A. Sensenbaugh's letter of March 22, 1966, in which he stated that the parcel 2 site (next to the sanitary land fill) was acceptable. He cited as one of the influencing factors in the decision that "future projections of highways and access streets indicate that the three-school complex will be served equally well (as the Beltway-Lake site)."

The committee pointed out that many obstacles stood in the way of the development of a perimeter road, for example (1) estimated costs would run up to a million dollars, (2) the school board has indicated many times that they would not pay for any off-site roads, (3) the city of Greenbelt is financially unable to bear the cost of the road and (4) complicated negotiations with property owners for rights of ways and dedications would be necessary. As one committee member stated, "The road is merely a line on a map and the prospects of its becoming a reality are so dim that it can hardly be considered a factor in determining the location of the senior high school."

County Budget to Go Up! May use 1% Local Income Tax

Prince Georges County fiscal officials presented a \$121.9 million budget to the county commissioners last week for fiscal year 1966-67, representing a proposed increase of \$25.8 million. If approved in its entirety, the real estate tax rate would be increased 64 cents per \$100 of assessed valuation. The present tax rate is \$2.79.

Instead of raising the real estate tax, by the full 64 cents the county commissioners have the alternative of using a newly-authorized local income tax which was passed last week by the state legislature. The so-called "local option" law allows the county, if it chooses, to impose a 1 percent levy on income and earnings of local residents. Such a tax would raise about \$8 million annually.

Largest single item in the proposed spending program is the school board's \$74.7 million, up \$16.4 million from last year. There is also an increase of \$2.4 million in debt retirement, most of it for schools.

Other large increases included a jump of \$708,000 for highways, \$1.5 million for the county police department, \$845,000 for the health department, and \$642,000 for libraries.

The county's assessable tax base is now a record \$1.8 billion, up \$250 million this year. The present real estate tax would produce about \$50.2 million in revenue, leaving \$11.5 million to be raised through higher real estate taxes, a local income tax, or both. The rest of the budget will be met through revenues from State and Federal grants plus shared taxes.

Public hearings on the budget have been set for 8 p.m. April 14 at the County Service Building in Hyattsville and 10 a.m. April 19 in the courthouse at Upper Marlboro.

Charlestowne Covenants

Former Councilman Lewis Bernstein, traced the history of the covenants, which restricts the density on the Charlestowne tract to 7 units per acre, from the time they were drawn up in 1962 to the present day. He especially drew attention to the City Council meeting of May 17, 1965 when Bresler denied reports that he was planning a 470-unit development in Charlestowne Village in violation of covenants limiting the development to 350 units. Bresler did not inform the council that eleven months earlier, on June 2, 1964, he had unilaterally abolished the covenants. Bresler also stated at that meeting that he would deed the 3.3 acres of parkland (1962 agreement) to the city within four or five months, an action that still has not taken place.

The steering committee supported the city's efforts to halt the construction of an 8-story apartment on the Charlestowne tract which according to city officials would be a clear violation of both the agreement and covenant that Bresler signed with the city in 1962.

Harold Siegel was elected chairman of the CFPG steering committee. Other officers are Thomas White, vice - chairman, Marge Bergemann, secretary, and Harvey Geller, treasurer.

Sickles for Gov. Meeting

The Greenbelt Sickles for Governor committee will meet on Tuesday, April 19 at 8 p.m. in the Springhill Lake Community Building. Many local elected officials (Commissioner Gladys Spellman, House Delegation Chairman Royal Hart, Delegate William J. Goodman, State Central Committeeman Howard McGuigan and Chairman of the Sickles for Governor movement, Earl Griffin) will be present to discuss "The Changing Political Scene in Prince Georges County." All Greenbelters are invited.

April 20, Fireman's Day

Gov. J. Millard Tawes has proclaimed April 20 as Maryland Fireman's Day. Says Tawes, "I urge my fellow citizens to participate actively in programs to promote fire prevention, while drawing attention to the importance of the Spring Clean-up Campaign, to the beauty of Maryland and the health of her citizens."

Film Nite at Library

Young people are invited to attend a Film Program sponsored by the Prince Georges County Memorial Library Youth Council on Tuesday, April 26, at 7:30 p.m. in the Meeting Room of the Regional Library, on Adelphi Rd.

The program is free and includes four outstanding films, one of them a real spine tingler, according to Mr. John A. Burns, Regional Librarian.

1965 Labor Day Profits

Victor M. Fisher, Treasurer of the 1965 Greenbelt Labor Day Festival Committee, has submitted a final report to the Committee which shows that the organizations which participated realized an estimated net total of \$1261.59. The Committee grossed \$1200.55 and after disbursing money to cover expenses, an estimated \$447.88 was declared profit. Copies of the Financial report are available at Twin Pines on request.

At the present time, the Committee is considering several suggestions as to disposition of the money declared profit. It will be used in a way which will most benefit the residents of Greenbelt. An announcement will be made when a decision is reached.

Plans are now under way in preparation for the 1966 Festival. Anyone interested in serving on the Steering Committee may contact Festival Chairman Leo Gerton at the High's store, on Centerway, 474-9857 or may write to the Greenbelt Labor Day Festival Committee, Box 2, in Greenbelt.

GHI Elections May 18, 19; Four Vacancies on Board

Four positions on the 9-man Greenbelt Homes, Inc. board of directors will be filled at the election to be held in conjunction with the GHI annual membership meeting, Wednesday and Thursday, May 18 and 19. The meeting on Wednesday night will be held at the Center School, starting at 8 p.m. Balloting will begin that night and resume the next day. Terms of office are for two years. A 3-man audit committee will also be elected for 1-year terms.

Three of the four incumbents on the board have indicated their intent to run for re-election. They are Nat Shinderman, Steve Polaschik, and Josephine Seay. The fourth incumbent—Ed Burgoon—has declined to run because of pressure of business. Burgoon has served on the board for 14 years, 7 as GHI president.

George Adams, Chairman of the Nominations and Elections Committee, has announced the names of three other individuals seeking board seats. They are Sam Schwimmer, 45-M Ridge; Miss Katherine Keene, 6-H Hillside; and Cliff Simonson, 8-C Ridge.

Also announced by the committee were two candidates for audit committee: Norman B. Charles, 2-D Gardenway, and Seymour Kaplan, 71-H Ridge. Kaplan is a present member of the audit committee.

GHI members interested in running for the board or audit committee are asked to contact any member of the Nominations Committee or the GHI office to pick up a Candidate's Consent Form. Other members of the Nominations Committee in addition to Adams (474-9263), are Elizabeth Allen (474-4963), Andrew Feeney (474-6051), Richard Gramm (474-8383) and Thomas White (474-6440).

The Candidate's Consent Form should be completed as soon as possible and no later than Saturday, May 7, accompanied by a short biographical sketch of 200 words or less, outlining education, experience, family background, and other pertinent information.

Board members receive a salary of \$500 per year and officers \$750. In addition, board members are eligible to participate in GHI's group life, hospital, surgical, and major medical expense plan for its employees. The insurance plan is jointly financed with GHI paying 65 percent of the cost.

City Notes

The Public Works Dept. spruced up the Center in time for Easter with new sod where needed, pansies to supplement the spring bulbs and new parking lines along Centerway.

The City has completed construction of 25 new picnic tables for the Lake park. They will be set out soon.

City parkland back of the Lake bay is being filled in; the job should be finished shortly, graded and seeded.

Eyes Are For Seeing

During the month of April in 1956, Dr. Harry J. King a leading ophthalmologist in the metropolitan area of Washington, D.C. was invited to be the guest speaker at a luncheon meeting of the Georgetown, D. C. Lions Club.

Dr. King's subject, "The Need for An Eye Bank and Research Foundation in the Washington, D.C. Area," so fascinated the Lions who heard him that they felt compelled to do something about it.

The District 22-C Eye Bank and Research Foundation then founded by the Lions since that time has processed over 5,000 eyes for use throughout the world. During the 10 years of operation, more than 25,000 eye pledges have been obtained by Lions of District 22-C.

Ten years later during the month of April 1966 the Lions of District 22-C will ask for all our used eyeglasses to be sent to Chile. The Lions Club of Chile are presently distributing 500 pairs of glasses a month.

The Lions of Greenbelt urge the citizens of this City to support the work of their local eye-bank by donating all their old eyeglasses. Collection points will be located at Twin Pines Savings and Loan Association and Greenbelt Homes, Inc. during April.

Arts and Craft Guild Exhibit at Twin Pines

Twin Pines is currently host to an art exhibit done by students of the Greenbelt Arts and Crafts Guild's Wednesday classes. The exhibit consists of 36 selections representing some of the material studied during the last four sessions.

The exhibit is broken down into three categories. One, the Color and Design Emphasis consisting of several selections, includes a good example of a color-tissue montage. The selection entitled Studies, Paintings and Abstracts from Nature demonstrates the relationship between abstracts made using primarily vertical and horizontal lines and the natural scenery. Figure Drawings, done for the most part in from 3 to 30 minutes, show how the artist's imagination can visualize a given motif from an ordinary model's pose.

Guild classes meet for ten week sessions. For information on the next session contact Mr. Lewis of the Guild.

A Giant Thank You

We are glad to see the new traffic light in operation in front of the Giant Food store on Greenbelt rd. Area residents have long been concerned by the lack of a light at this intersection, needed over 3 years. Giant opened its new store last December, saw the need for a light, negotiated with interested parties and finding no one to share installation costs, Giant paid it all. The City of Greenbelt will pay for the electricity and maintenance costs established by the State Roads Commission.

Who Is Responsible?

To the Editor:

I live on Plateau Place where there are two playgrounds in the vicinity for our children. One is on the corner of Ridge rd. and Plateau place. This playground is right on a main street, without any protection to stop young children from running into traffic. It is a beautiful playground, equipment kept up, playgrounds sodded, in perfect condition for children; for children above the age of six.

The second playground is located between 2 court and 8 court, completely off the street. A very good location for what should have been a perfect playground. But a more blighted area cannot be found here in Greenbelt. All children in this area, from age 2 up, spend most of their play hours here.

The swings in this playground are in good condition, but nothing else is. Of course, the holes beneath the swings, that fill up with water causing muck, we won't talk about. The sliding board is dented and rusted. Unusable, to say the least. But the grounds - these are the worst.

Within the play area, there is nothing but dust upon dust, with tree roots coming through the ground as in an army bivouac area, some as high as 6 inches off the ground, all due to erosion. Our children play among these roots, tripping, cutting and bruising themselves.

Why is this? Because no one can solve the problem. No new soil can be added because it, too, would wash away. Asphalt cannot be laid, because it would kill the trees. Sod could be laid down but no organization in Greenbelt claims to own the playground. Therefore, who would pay for it or lay it?

So we're back where we started. This is not a personal problem but one that belongs to a community, a community of children whose needs are not heard and apparently not heeded.

Mrs. Adele Haas

Our Neighbors

Elaine Skolnik - 474-6060

It's a boy for Mr. and Mrs. Dave Wilson, 11-A Parkway. Shawn was born April 4 weighing 7 lbs. 2 oz. He joins a brother, David Troy.

Visiting the Cottingham family, 8 Greenway, is Bob's sister, Edna, from Wauwatosa, Wisconsin.

Happy birthday to "next-door-neighbors" Carolyn Kearns, 6-Z1 Plateau, and Mel Goldstein, 6-Y Plateau, who share the same birthday date - April 18.

Second Lt. Ronald A. Charles, son of Mr. and Mrs. Norman B. Charles, 2-D Gardenway, completed a 9-week armor officer basic course at the Army Armor School, Fort Knox, Kentucky. Charles is a 1965 graduate of The Citadel in Charleston, South Carolina.

Among the thirty-five students inducted into the High Point High School Honor Society on April 6 were Susan Ellerlin, daughter of Mr. and Mrs. Albert Ellerlin, 54 Lakeside; David Weiner, son of Mr. and Mrs. Harry Weiner, 6 Lakeside; and Ruth Chasanow, daughter of Mr. and Mrs. Abraham Chasanow, 56 Lakeside. Congratulations!

Robert R. Gerrish, 4-C Parkway, was recently honored by the Department of Agriculture for bravery and compassion beyond the call of duty. Gerrish, an entomologist, walked five miles through the Blizzard of '66 to care for laboratory animals at Beltsville Farm. According to a story in the Washington Post (April 6, 1966) the animals couldn't be reached by car or truck. "Gerrish trudged through the snow to care for the valuable animals and then had to spend the night in the cold laboratory."

The Meade family, 19-H Hillside, spent the holiday visiting relatives in Pulaski, Virginia.

Mr. and Mrs. Dennis Wagner, 5-E Plateau, proudly announce the arrival of a son. Michael Joseph arrived March 19, weighing 7 lbs. 6½ oz.

Best wishes for a happy birthday to Elise Geller, 117 Northway, who will be seventeen years old tomorrow.

Junior Girl Scouts from Michigan will visit Greenbelt and the Washington area from April 14-18. While in Greenbelt they will stay with the Harry Johns, 53-B Crescent.

Junior Highlights

by Carolyn Winkler

Greenbelt Junior High School's second annual Fine Arts Festival has already begun. The Art Exhibit and the Talent Show portions were held at the last PTA meeting on April 12.

Plans are underway for several school-sponsored trips in the next month. Particularly excited are the ninth graders who will be spending the weekend of May 21 in New York viewing Hayden Planetarium, Radio City, and Broadway. In addition, many ninth grade students will see the show, "Romeo and Juliet" on May 13 at the Olney Theatre. Eighth graders will have the opportunity of spending April 23 in Gettysburg. There they will see actual battlefields of the Civil War.

The student council has been very busy with its spring project for the Lions Club. This project was the collection of old eyeglasses and eyeglass frames for the needy people of Chile. Another student council project is the Computer Dance scheduled for Friday, June 3, from 8-11 p.m.

On April 12, our ninth grade students heard Louis Goldstein, State Comptroller of Maryland, speak on the duties of the state comptroller. In addition he talked about many of the issues which were discussed in the recent Maryland legislature.

Deadline for such applicants is April 25, 1966.

Discontinue Study Hall

The Tuesday and Thursday night Study Hall program in the Methodist Church will be discontinued because of lack of participation by students. If there is a need, the service will resume in the fall.

Are there fish in the lake yet? No one has been notified that fish have been placed in the lake but there are rumors that they have. That is all I know and all the office knows.

Square feet measure area. In the metropolitan Washington area an estimated 30 million square feet of new apartment space will become available this year alone. The boom in apartment construction is one reason why the Gas Company must constantly expand. Last year we built new facilities costing about 20 million dollars. We consider this a sound investment in the future of our healthy, fast-moving community.

LITTLE LEAGUERS

by Jerry W. Shafer

Opening day of the Little League Baseball Season is just around the corner. Managers are working hard in preparation for the coming season. Last minute cuts are always a problem, but every manager is working extra long to give each boy a good chance to make the team. Final roster for the Major League is Friday, April 15.

As everyone knows, it takes money to run a program of this type. There are several ways in which we are able to obtain these funds. One way is by Organizations and Businesses sponsoring the teams. Our hats are off to the following sponsors:

Cubs - Consumers Coop
Tigers - D.A.V. Chapter #23
Cardinals - American Legion Post 136
Giants - G.H.I.
Lions - Lion's Club
Orioles - Washington Gas Light Co. Post 44
Indians - Bob and Fran's Carry Out
Athletics - Pepsi Cola Bottling Co.

Minor League - Fire Department
More sponsors are needed for the farm. Anyone wishing to sponsor a team should contact President Dale Parrish, telephone 474-7699. It does not take much money to sponsor a team, and it is money well spent.
